ANIMAL LAW CONFERENCE

OCTOBER 23-25, 2020

IMPACTS ON ANIMALS IN  
A CHANGING CLIMATE

ANIMALLAWCONFERENCE.ORG

- a.** How would you try to better control the processes and activities of industrial animal agriculture industries?
- b.** Do you think the price of food reflects the true costs associated with industrial animal agriculture (wages for workers, health care, inspectors, etc.)?
- c.** Would you be willing to pay more for food if you knew the business was taking steps to mitigate environmental factors that lead to climate change?
- d.** What are some steps you think industrial animal agriculture facilities can take to prevent negative environmental impacts, such as environmental injustice, contributing to climate change, and causing the next pandemic?
