

28TH ANNUAL
ANIMAL LAW CONFERENCE

OCTOBER 23-25, 2020

IMPACTS ON ANIMALS IN
A CHANGING CLIMATE

ANIMALLAWCONFERENCE.ORG

- a. What do you think are some of the best ways to stop the rise of zoonotic diseases?
- b. Is there a way to prevent the next pandemic while exploiting animals at our current rate?
- c. Should we track and regulate zoonotic diseases at a national level or global level and why?
- d. The number of new zoonotic diseases is rising. Do you think it is more effective to develop plans on how to live with them and treat them or try to change our relationship with animals to prevent the diseases from being created in the first place?
